XGIMI MoGo 4 — Core Solution Features

Comprehensive Technical & Product Documentation

Document Version: 2.0 | Date: March 2026 | Product: XGIMI MoGo 4 Portable Projector

Landing Page: <https://xgimiug.netlify.app>

Executive Summary

The XGIMI MoGo 4 is a compact, battery-powered portable projector featuring Google TV, 1080p Full HD resolution, and up to 5 hours of movie playback. This document provides detailed documentation of the seven core solution features as presented on the official landing page and product specifications.

Feature 1: 550 ISO Lumens Brightness

Overview

The MoGo 4 delivers 550 ISO Lumens of brightness, enabling clear, vivid Full HD projection on screen sizes up to 120 inches. This brightness level ensures that viewers can enjoy high-quality visuals without requiring complete darkness.

Technical Specifications

Specification	Value
Brightness (White Light Output)	550 ISO Lumens
Measurement Standard	ISO 21118
Recommended Projection Size	60" – 120"
Maximum Projection Size	Up to 120"
Optimal Viewing	Indoors, low-light outdoors

Use Cases

- **Indoor Movie Nights:** Living room or bedroom projection without blackout curtains
- **Outdoor Camping:** Backyard or camping trips in dusk/twilight conditions
- **Gaming:** Responsive, bright gameplay with minimal lag
- **Presentations:** Small-group business or educational presentations

User Benefits

- No need for total darkness
- Clear visibility of text and fine details
- Reduced eye strain compared to dimmer projectors
- Consistent color and clarity across the projected image

Feature 2: 71Wh Built-in Battery

Overview

The MoGo 4 includes a 71.28Wh built-in lithium-ion battery, enabling truly portable use without requiring a power outlet. Users can enjoy video playback, music streaming, or ambient lighting for extended periods.

Technical Specifications

Specification	Value
Battery Capacity	71.28 Wh (Built-in)
Video Playback (Eco Mode)	Up to 2.5 hours
Video Playback (with PowerBase Stand)	Up to 5 hours
Music Playback (projector off)	Up to 6 hours
Power Bank Compatibility	65W–150W (PD 3.0 protocol)

Power Options

1. **Standalone:** 2.5 hours of video on internal battery
2. **PowerBase Stand (sold separately):** Extends to 5 hours of movie time
3. **65W Power Bank:** Portable charging for extended outdoor use
4. **AC Adapter:** Standard wall outlet charging

User Benefits

- True portability—no outlet required
- Flexibility to move projector anywhere
- Reduced cable clutter
- Extended runtime options with accessories

Feature 3: 110% BT.2020 & 1000:1 Contrast

Overview

The MoGo 4 supports a wide color gamut (110% BT.2020) and 1000:1 native contrast ratio, delivering cinematic color accuracy and deep blacks for a premium viewing experience.

Technical Specifications

Specification	Value
Color Gamut	110% BT.2020
Contrast Ratio	1000:1 (Native)
Color Standard	DCI-P3 90%
Display Technology	DLP

What BT.2020 Means

BT.2020 (Rec. 2020) is an international standard for ultra-high-definition television. Achieving 110% coverage means the projector reproduces colors beyond the standard gamut, resulting in more vibrant reds, greens, and blues.

User Benefits

- Professional-grade color accuracy
- Enhanced viewing immersion
- Support for HDR-compatible content
- Reduced color banding and artifacts

Feature 4: Google TV Built-in

Overview

The MoGo 4 runs Google TV, providing direct access to 10,000+ apps, licensed Netflix, and 800+ free channels. No external streaming device or complex setup is required—content is available out of the box.

Technical Specifications

Specification	Value
Operating System	Google TV
Pre-installed Apps	Netflix (licensed), YouTube, others
Available Apps	10,000+
Free Channels	800+

User Benefits

- No external streaming device required
- Familiar Google TV interface
- Voice search with Google Assistant (via remote)
- Automatic updates and new app availability

Feature 5: 1080p Full HD Resolution

Overview

The MoGo 4 delivers native 1920×1080 (1080p) Full HD resolution, providing sharp, detailed images suitable for movies, television, gaming, and presentations.

Technical Specifications

Specification	Value
Native Resolution	1920 × 1080 pixels (1080p)
Aspect Ratio	16:9
Image Size Range	40" – 200"
Recommended Size	60" – 120"

User Benefits

- Sharp, crisp image quality
- No pixelation at recommended viewing distances
- Compatibility with all standard HD content

Feature 6: Portable & Limitless Play

Overview

The MoGo 4 is designed for portability—compact enough to fit in a bag, with a built-in battery and versatile stand. The tagline "Limitless Play" reflects the freedom to enjoy big-screen entertainment anywhere.

Physical Specifications

Specification	Value
Product Size (H × W × D)	207.6 × 96.5 × 96.5 mm (8.2 × 3.8 × 3.8 in)
Product Weight	1.31 kg (2.9 lbs)
Form Factor	Compact, coffee-thermos sized

User Benefits

- Take cinema anywhere
- No permanent installation
- Easy setup and teardown
- Minimal storage requirements

Feature 7: Magnetic Creative Filter

Overview

The MoGo 4 supports Magnetic Creative Filters—snap-on lens attachments that transform the projected image into ambient lighting effects. The Sunset filter is included in the box; additional filters (Lunar, Ripple, Dreamscape) are available separately.

Technical Details

Specification	Value
Included Filter	Sunset (1× in box)
Additional Filters	Lunar, Ripple, Dreamscape (sold separately)
Attachment	Magnetic snap-on

User Benefits

- Instant room transformation
- No additional hardware for basic effects
- Easy to swap filters
- Combines projector + speaker + ambient light

Summary: Core Features at a Glance

#	Feature	Key Specification	Primary Benefit
1	550 ISO Lumens	550 ISO Lumens brightness	Bright projection up to 120"
2	71Wh Built-in Battery	71.28 Wh, 2.5–5H playback	Cord-free portability
3	BT.2020 & Contrast	110% BT.2020, 1000:1	Cinematic colors
4	Google TV Built-in	10k+ apps, Netflix	All-in-one streaming
5	1080p Resolution	1920×1080 native	Full HD clarity
6	Portable Design	1.31 kg, 360° stand	Limitless play anywhere
7	Magnetic Creative Filter	Sunset included	Ambient lighting
